

AIT Medihelp

"medicines training you can trust"

September 2022

September has arrived!

September already?

Here at AIT Medihelp we have seen our busiest summer ever and its showing no signs of slowing down. We're over the moon with face to face courses being back in full swing and can't thank our loyal customers new and existing for all their continued support.

We celebrated our 13th birthday last month and we're so grateful, thankful and blessed to continue offering our amazing services to you all for (hopefully) many more years to come.

As ever, we are always one email, phone call or message away.

Please get in contact today to see **how, when and where we can help you!**

@aitmedihelp

hello@aitmedihelp.co.uk

How can we help you?

If you're looking for **the best training** in the safe administration of medication, then look no further.

Not only are we **accredited** by The Royal Pharmaceutical Society, but we're also **endorsed** by Skills for Care, AND a **recommended** supplier on carehome.co.uk

ALL of our courses are **written AND delivered by pharmacists**. And how you receive your training is completely up to you.

We offer **face to face** training in classroom environments (complete with props and training manuals) or we can deliver our training **virtually**, or on our **E-Learning** platform. All our training comes complete with a **certificate AND aftercare**, so you can learn and relax knowing your in the best hands.

"If you handle the medicine, let us handle the rest"

Its World Alzheimer's Month

This year, Dementia UK are campaigning for support you can access after diagnosis, be sure to check out there website for tips, advice and further information.

*Always accredited
Always supportive
Always 5 star*
