As always, we are always one email, phone call or message away. So get in contact today to see how, where and when we can AIT Medihelp you!

## DID YOU KNOW?

- Our professionally crafted courses are written and delivered by registered pharmacists with 25+ years experience & care service expertise
- Beyond training, our team also offer expert services in medicines management, including audits, policy advice, and error reduction plans
- Improving safety with medicines in the care sector is our mission. More than a training company, our expert pharmacists are dedicated to providing FREE advice on your medicine management queries.

Reach out to us for a free, no-obligation advice/quote.  
We're here & happy to help

## Dehydration in the elderly & how to avoid it

Did you know? If you're feeling thirsty - then you're already dehydrated!  
The sensation of thirst can reduce as you age, particularly with conditions like Alzheimer's or those who have had a stroke.  
Follow the link below to see tips on how to avoid dehydration
