Medicines Training You Can Trust

October 2023

October has arrived, and it seems we're not slowing down after a bustling September! We successfully launched our new foundation course and conducted extensive training sessions in various new locations. While our face-to-face training is filling up quickly for the remainder of the year, fear not—our E-Learning option is always ready to go in a flash! It's easy to book and navigate, and you can rest assured that it's still written and designed by our team of experienced pharmacists, ensuring the same high-quality training and aftercare you've come to expect from us.

Still have questions? Head over to our website and explore our FAQ section, or even better, reach out to us directly.

As always, we are always one email, phone call or message away. So get in contact today to see how, where and when we can AIT Medihelp you!

FLU

The F Word: Flu Season Alert! It's crucial for our vulnerable individuals to get their flu jab before the season kicks into high gear. Click the link below for more information

[MORE INFO](#)

So this October, join the thousands of smokers committing to quitting. Stop smoking for 28 days and you're 5 times more likely to give up for good.

It's much easier to stop smoking when you get the right support and there are lots of options to choose from.

Check out the free tools, tips and support to help you stay on track.
