hello@aitmedihelp.co.uk

The summer might be over but AIT still has a lot to look forward to this year! We've got a new foundation course that has just been launched, exciting collaborations ahead and events to attend!

We've had a lot of enquiries recently about how we can help in maintaining and improving medication safety standards, so why choose us?

At AIT Medihelp, our commitment to supporting you in providing the highest standards of medication safety is what sets us apart. This approach isn't just a **part** of what we do; it's at the heart of **everything** we do.

Our pharmacists aim to support your staff to have the confidence and competence to manage medicines safely for the vulnerable people they care for.

**As always, we are always one email, phone call or message away. So get in contact today to see how, where and when we can AIT Medihelp you!**

The month of September brings World Alzheimers Day, a day to raise awareness for those living with Alzheimers.

This year's theme is Act Now for a Dementia-Friendly Future. See our social media pages for more information and a few of our top tips and advice if you are caring for someone living with Alzheimers

# COMING SOON

We are so excited about our upcoming collaboration with VR company Moonhub! The future of training using state of the art technology to take training to the next level!
